Outside of Clients Base County – Service and Filings

Client Base County is defined as the county which the client's office is located, up to 20 mile radius of client's location. All services outside of the Client's Base County are rated by the standard price plus a defined trip charge in accordance with mileage rated provided in rate sheets to other Counties. Outside of Base County, filings are charged a separate trip charge to file the return. Depending on the distance from the origination point, mileage will vary. Consult customer service.
